3/3/2019	On 2/5/19 you entered the District Three parking lot at 0357 hours. Another car followed you through the gate and into the parking lot. Both of you backed into a parking spot and sat until 0433 which is when you were dispatched. During my interview with you two days after the incident, you initially claimed not to recall who was in the other vehicle even though you sat next to that officer for over 30 minutes. By sitting in the lot, you put yourself out of position to assist other officers assigned to your beat. You increased your response time for calls for service in your assigned area. Additionally, you were not in a position to conduct proactive patrols that could have been valuable in detecting or deterring various crimes on his beats, in particular "thefts from autos" and safe cracking offenses, which have been an issue in the district. 2/5/2019	Your actions were in violation to the Manual of Rules and Regulations 1.01.A. to wit:  1.01 Members shall not commit any acts or omit any acts, which constitute a violation of any of the rules, regulations, procedures, directives, or orders of the Department.  A. A violation which does not entail a risk of nor leads to physical injury to another or financial loss to the City.  Officers Kilgore's actions were also a violation of the Department's Job Specifications which state that officers will:  1. Shall devote the maximum possible time to the performance of basic duties, remaining in the station or office only when necessary. 2. Be familiar with area of assignment and conduct a diligent patrol, accentuating	3/11/2019 9:53:33 AM	REFUSED	L0022	C0023
